

Building Capacity for Developing and Monitoring Quality Transition IEPs

Presented by...

Teresa Grossi, Ph.D., director of the Center on Community Living and Careers at IU's Indiana Institute on Disability and Community, has an extensive background in education and employment for people with disabilities.

Joni Schmalzried, Ed.D., project coordinator at the Center on Community Living and Careers, works with the state Department of Education to monitor Transition IEPs for compliance and consistency.

The Indiana Department of Education and the Center on Community Living and Careers present these regional trainings to support education personnel overseeing the quality and compliance of Transition IEPs in local school districts and/or cooperatives.

Priority will be given, specifically, to those districts who are in the **Proactive Group**—the group submitting data to the Feds in 2016 based on the 2015-2016 Transition IEPs. This is **group 2** in the IDOE monitoring rotation. All other districts wanting to improve their Transition IEPs are welcome and encouraged to attend.

Participants should bring hardcopy Transition IEPs or a laptop/tablet so they can access a few Transition IEPs to review. Wifi will be available.

Invited attendees include special education directors, assistant directors, coordinators, transition coordinators, department chairs, or other personnel responsible for management and oversight of secondary transition for students with disabilities.

Dates & Locations

September 1, 2015

9 a.m. — noon
Huntington University
2303 College Ave.
Huntington, IN 46750

September 2, 2015
